- 23 different agencies
- 1,339 Task Order awards
- \$8.2B Obligated to date

Addx holds the GSA One Acquisition Solution for Integrated Services (OASIS) Small Business (SB)(GS00Q14OADS301) Pool 3 Engineering Solutions contract vehicle to provide the full range of services defined by the NAICS codes detailed below.

POOL 3

North American Industry Classification System (NAICS) Code

541330 Engineering for Military and Aerospace Equipment and Military Weapons Exception A

541330 Engineering for Contracts and Subcontracts for Engineering Services Exception B Awarded Under the National Energy Policy Act of 1992

541330 Engineering for Marine Engineering and Naval Architecture Exception C

PSC CODE DESCRIPTION

R425 Support- Professional: Engineering/Technical Includes: Systems Engineering, Technical Assistance, and Other Services Used to Support The Program Office During The Acquisition Cycle

General Areas of Support

- | | |
|--|--|
| 1. Systems Engineering | 23. Requirements Analysis |
| 2. Advanced Technology Pilots and Trials | 24. System Design |
| 3. Alternative Energy Sources and Engineering | 25. System Integration |
| 4. Configuration Management | 26. System Safety Engineering |
| 5. Concept Development | 27. Test and Evaluation |
| 6. Design Documentation and Technical Data | 28. Technical Documentation |
| 7. Energy Services to include Management Planning and Strategies, Audit Services and Metering | 29. Mission Assurance |
| 8. Engineering (Aeronautical, Astronautical, Chemical, Electrical, Mechanical, Metallurgy/Materials, etc.) | 30. Data Analytics |
| 9. Engineering Process Improvement | 31. Architecture Design |
| 10. Environmental Management | 32. System Verification and Validation |
| 11. Environmental Consulting and Remediation | 33. Human Systems Integration |
| 12. Human Factors/Usability Engineering | 34. Baseline (Configuration) Management |
| 13. Independent Verification And Validation | 35. Data Management |
| 14. Integration | 36. Risk Management |
| 15. Interoperability | 37. Technical Planning |
| 16. Life Cycle Management | 38. Systems Engineering Training |
| 17. Modeling and Simulation | 39. System Security and Information Assurance |
| 18. Natural Resources Management | 40. System Effectiveness and Analysis |
| 19. Operation and Maintenance or Direct Support of an existing Weapon System or Major System | 41. Launch Processing and Verification |
| 20. Prototyping and Fabrication Support | 42. Software Development (for non-IT requirements) |
| 21. Quality Assurance | 43. Software Independent Verification Validation (for non-IT requirements) |
| 22. Red Teaming and Wargaming | 44. Radar Engineering |
| | 45. Optical Engineering |
| | 46. Communications Engineering |

www.addxcorp.com

Addx Corporation is a professional services firm, and principal provider of information and management services. The company's focus is to deliver Good Government solutions; ones that improve mission performance while providing measurable public sector return on investment. Mission performance improvement is a result of greater efficiency and effectiveness of the processes needed to accomplish the mission, and these (efficiency and effectiveness) are a result of our related People, Process, and Technology services.

Addx Customers:

National Security

- Office of the Secretary of Defense
- US Joint Staff
- Department of the Air Force
- Department of the Army
- Department of the Navy
- Defense Logistics Agency
- Defense Commissary Agency

Federal Civilian

- Department of Agriculture
- Department of Commerce
- Department of Education
- Department of Energy
- Department of Homeland Security
- Department of the Treasury
- Department of Veteran Affairs
- General Services Administration

Addx has two OASIS SB contracts:

- Pool 2 Financial Solutions
- Pool 3 Engineering Solutions

Whom We Serve: Our customers are dedicated; they are focused on accomplishing missions they believe in, and are beyond themselves and serve our nation.

Our Purpose: To significantly contribute to our national security and economic prosperity through delivering solutions that help our federal clients accomplish their missions. To deliver on this purpose, we hire, train and retain the very best employees, and enable them to serve our clients with innovation and excellence.

Our Shared Vision: To become an enduring market leader in providing Good Government solutions that significantly improve client mission performance, ensure national security, and promote economic prosperity.

Our Guiding Principles:

Excellence – Our work is defined by deep service expertise conducted responsibly, reliably, and with lasting results our customers can count on.

Responsiveness – Our reputation is defined by the highest standards of professionalism and performance, adapting quickly and collaboratively to changing needs.

Efficiency – Our business is defined by our commitment to doing what is right by our clients through delivering best value in price and results.
